

SAVE A LIFE THIS PESACH

WHEN SEARCHING FOR CHOMETZ

- ☞ Keep candles away from all flammable materials (curtains, sofas, clothing etc.)
- ☞ Do not place used candles in paper bag with chometz

WHEN BURNING CHOMETZ

- ☞ Once fire is lit, do not add any fire enhancing agents (gas, lighter fluid etc.)
- ☞ Keep fire away from structures, cars, trees & wires
- ☞ Never burn plastic or explosive materials
- ☞ Light candles out of children's reach and where they cannot be knocked over!
- ☞ Participate in a community chometz burning if available

WHEN LIGHTING CANDLES

- ☞ Place candle on a sturdy heat resistant surface away from flammable materials including walls, curtains, cabinets, wooden and plastic tables, tablecloths etc.
- ☞ Keep surfaces and surrounding areas clear of burned matches and other debris
- ☞ Never leave Yom Tov/ Shabbos candles unattended or go to sleep while they are burning

- ☞ Use extra caution when using 24 hour yartzeit candles, keep on a heat resistant surface away from flammable materials

WHEN COOKING & KOSHERING

- ☞ Set appliances back on counter to avoid accidental burns & spills
- ☞ Designate ovens, stoves and heat containing appliances as a "NO GO ZONE" for children
- ☞ Position blech so that heat can escape from all sides without heating walls, cabinets, and counters
- ☞ Never cover oven vents with aluminum foil
- ☞ Keep pot handles turned inward and away from the edge of the stove
- ☞ Never move pots of boiling hot liquids while uncovered, and use caution when carrying hot food around children

- ☞ Treat burns immediately by cooling with cool water and call your local emergency response number
